Correction: A fibrin/hyaluronic acid hydrogel for the delivery of mesenchymal stem cells and potential for articular cartilage repair

Timothy N Snyder^{1,2†}, Krishna Madhavan^{1†}, Miranda Intrator¹, Ryan C Dregalla² and Daewon Park^{1*}

The authors would like to add the following detail to the Competing Interests and Acknowledgments stated in the published article [1] "At the time of writing, TNS and RCD were employees of Regenerative Sciences, LLC. The authors also would like to especially thank Dr. Christopher Centeno and Regenerative Sciences for partially supporting and funding this project."
